- Supplementary cultural and grammatical information
- Designed for both academic and professional use

Its size and scope make it a substantial volume—often exceeding 2,000 pages—and an excellent reference for detailed linguistic research.

Design and Layout

The usability of a dictionary hinges significantly on its design. The Larousse Super Major excels in this domain through a thoughtful layout that balances comprehensive content with accessibility.

Typography and Visual Design

The typography is carefully chosen to ensure readability, even with dense blocks of text. The font size is slightly larger than in compact dictionaries, reducing eye strain during prolonged use. Headwords are prominently displayed in bold, with clear differentiation between main entries and sub-entries.

Color coding and icons are employed to denote various types of information:

- Red or bolded entries for main headwords
- Italicized text for etymology or obsolete terms
- Icons indicating synonyms, antonyms, idiomatic expressions, or grammatical notes

Organization of Content

The layout follows a logical structure:

- Main entries: The primary headword, with phonetic pronunciation, part of speech, and grammatical details
- Definitions: Multiple senses listed in order of commonality or historical significance
- Etymology: Origins and historical development of words
- Usage notes: Contextual guidance, idiomatic expressions, and stylistic considerations
- Cross-references: Links to related words or alternative forms

This modular organization facilitates quick navigation and deep dives into specific linguistic facets.
