- European Union: The EMA and national authorities enforce regulations on advertising and

promotional materials.

- Other Countries: Varying standards, often with stricter controls or bans on DTC advertising.

Ethical Challenges

- Misleading Claims: The temptation to overstate efficacy or underplay side effects.
- Patient Safety: Ensuring that promotional activities do not compromise patient well-being.
- Transparency: Disclosing conflicts of interest, especially with KOLs and sponsored research.
- Access and Equity: Avoiding marketing practices that prioritize profit over underserved populations.

Compliance and Penalties
